

OPENINFRA SUMMIT EUROPE 2025 > OCTOBER 17-19, 2025

# Sponsorship Prospectus

# About The Summit

The OpenInfra Summit is a global event for open source IT infrastructure professionals to collaborate on software development, share best practices about designing and running infrastructure in production, and make partnership and purchase decisions.

## WHO ATTENDS?

The OpenInfra Summit brings together 1,000+ influential IT decision makers, infrastructure architects and open source developers from around the world. Professionals from many industries, including financial services, government, manufacturing, telecom and IT rely on open infrastructure to run their business. On average, the demographic makeup is:

## WHAT TOPICS WILL BE COVERED AT THE OPENINFRA SUMMIT?

A primary goal of the OpenInfra Summit is to bring together open source communities to help them collaborate and integrate technologies, ranging from projects hosted by the OpenInfra Foundation to other widely deployed projects. On average, the Summit has seen participation from 30+ open source communities including Ceph, Kubernetes, OceanBase, OpenEuler, ONAP, OPNFV and the projects supported by the OpenInfra Foundation: Kata Containers, OpenStack, StarlingX, and Zuul.
